ITINERARY

Day 1: Resort Freeride - Tetnuldi Ski Resort or Hatsvali Ski Resort (Using Ski lifts all day for acclimatization, warm-up, equipment check and getting to know with the terrain as well as checking Freeride level to plan next days)

Day 2: Using Ski lift first, then climbing skins to go further from the resort, reach remote areas and explore new slopes (expected elevation gain 400m) Possible last long run down to the village Adishi or Zhabeshi

Day 3: Backcountry skiing to specific Ski-touring routes: Mountain Laila, Chalaadi Glacier, Guli Pass, Etseri Village etc. We will choose together with group members and guides according to weather forecast and snow conditions (900-1200m accent)

Day 4: Helidrop with the Helicopter on a Glacier at 3400m altitude, one long run 1700m downhill (Steep terrain 30-35 degrees) 1-1.5h to the bottom

Day 5: Full day Catskiing (next to Tetnuldi Ski Resort or Ushguli Village) Depends on weather forecast and snow conditions

Day 6: Backcountry skiing in Ushguli village. Located 1.5h drive from Mestia at elevation 2200m. Ski Touring Paradise (1000-1200m ascent)

NOTE: The itinerary is a sample, we can plan the week with any freeride activities depending on group request. We will decide each day together with our guides and group members what is the best to do next day according to weather forecast and snow conditions. We can use Heliskiing or Catskiing as additional adventure
